Instructions for completing City of Bremerton Tax Return.

- Determine which tax classification(s) relate to your business activity (Column 1). Businesses conducting several types of activities may report in more than one tax classification.
- Enter your Gross Receipts under the appropriate tax classification (Column 2).
- Enter eligible deductions that you are entitled to for each tax classification (Column 3) See Eligible Deductions Section below. Be sure to fill in the section for Type of Deduction and Explanation on front of form. If the deduction space is grayed out, no deductions are available for that classification.
- The first \$40,000 of annual Gross Revenue combined for **Retail, Wholesale, and Service** is exempt from B&O Tax. If Gross Receipts are \$40,000 or less, you may exempt up to the amount of Gross Receipts for each category. If Gross Receipts are over \$40,000, you may exempt \$40,000 from any category that you have Gross Receipts. If you report quarterly, you may carry any remaining exemption forward until annual Gross Receipts combined exceed \$40,000.
- Subtract the amount entered in Column 3 and Column 4 from the amount entered in Column 2 for each tax classification and enter in Column 5. This is your Taxable Receipts.
- Multiply the amount in Column 5 by the rate shown in Column 6 for each tax category and enter the result in Column 7. This is the tax due for each tax category.
- Total the Tax Due (Column 7) and enter the result in the Total of Column 7 box.
- Calculate any penalty due for each tax category and enter the total in the Penalty box of Column 7.
- Add the Total Tax Due and any Penalty and enter result in Total Tax and Penalty box of Column 7.
- To see if you are eligible for the Jobs Credit, see separate instructions Enter the Jobs Credit here and subtract from Total Tax and Penalty due. Remit this amount to the City of Bremerton.
